

I am writing because I listen to K-love as a source of inspiration, and learning about community events that I am interested in and because I like having a family friendly station I do not have to flip off when listening with my children. This is an important community service locally to me as well as on a state and national level. It provides information that can not be obtained on any other station. If this station were to be replaced the effect would be devastating to many who listen and enjoy music, news and community announcements and services. Let me also add that my family contributes financially to this station because we believe in the message as well as the opportunity to listen to a "clean" informative station that entertains as well as provide much need information and assistance that the public may not otherwise be aware of. Let me be clear we have no other choices out there because the main stream is anti-christian and anti-family. Please consider that you are taking away any choices for listening out there that provides what K-love provides. They provide a quality, humor filled and inspirational message and allow me to enjoy the many talented Christian artists all by listner supported funding. Please do not take this away from my community or any other. Thank-you.
